

JD of Project Coordinator, Saahas

Summary

The Project Coordinator plans and executes directly or through Field Supervisor(s) all activities related to the project(s) and will report into Project Manager. Project Coordinator is responsible towards all the deliverables of the project(s). Typically, each Project Coordinator handles 1 or 2 projects.

Primary Duties and Responsibilities

- Plan the delivery of the project(s) in accordance with the goals and objectives.
- Develop and implement long-term goals and objectives to achieve the successful outcome of the project.
- Periodically visit different project sites to gather inputs to build the monitoring framework, perform field testing of the framework, and provide feedback.
- Develop monitoring dashboard for SWM projects with help of automation and IT tools.
- Hold stakeholder meetings and perform stakeholder management.
- Identify and evaluate the risks associated with project activities and discuss with Program Manager to take appropriate action to control the risks.
- Support the Project Manager in monitoring the project activities on a regular basis and conduct an annual evaluation according to the program evaluation framework.
- Report evaluation findings to Project Manager and recommend changes to enhance the program, as appropriate
- Conduct performance evaluation and provide feedback to Field Supervisor(s). Write reports and manage client/partner communication for the project.
- Monitor various project expenditures and ensure financial discipline.
- Coordinate the delivery of services among different activities to increase effectiveness and efficiency. Help with project staffing primarily recruitment of Field supervisor(s).
- Communicate with clients/partners and other stakeholders to gain community support for the project and solicit input to improve the same.
- Enlist the cooperation and assistance of Government Departments, NGOs and other citizen initiatives wherever required, to ensure achievement of project objectives.
- Engage volunteers for appropriate program activities using established volunteer management practices.
- Ensure that all program staff receives an appropriate orientation to the organization and the programs.
- Provide required information to have invoices generated and submitted to clients/partners according to the established timelines.

Working Conditions

- There would be some out-station travel requirement depending on the project profile.
- Program Coordinators work a standard work week (6 days a week with 2 Saturdays off in a month) but may be required to work some evenings and weekends to monitor project activities.
